Friends of Seedtime,

A former Boko (aka voodoo doctor) called the radio station just to tell Frantz that Jesus saved him from his lifestyle, and since he could figure it out, then everyone should be able to see it for themselves. It wasn't Frantz speaking when the man converted. It's not about Frantz. It's about the power of God available to all of us for salvation.

Frantz is still getting regular time on **FM radio stations** in Port-de-Paix, Haiti. Praise the Lord for this open door to the people.

Faith comes by hearing... Right! (Rom 10:17)

Completed Finally... not postponed or canceled!

Our Bible study seminar ended June 20th. 10 students finished the last of 3 days of discipleship Bible study!

Promised Land Church of God hosted our study last week and we were delighted just to see it completed. Frantz even had one blind man attend who bought two of our study books for his children.

Student books cost \$1.54 at today's exchange rate and then the class is free otherwise. As usual the book is fully refundable if the student is unhappy for any reason. Also as usual, no one was interested in a refund... they just appreciated the teaching and are asking for more.

We do our poor friends in Haiti a disservice when we sponsor every last piece of their lives. The fee we request is so manageable that it really serves only to detect if a person has any room in their heart to hear God's Word. In 15 years of this, we've not had a single person ask for a refund. Of course we work with those who truly want to join in but can not afford the class.

When Frantz sends us the full class report, we'll share details of who was there and what their responses were. For now, we are content that 10 more people were getting discipled.

You're invited.

Ministry is a commitment to prayer, physical and financial support. Even the Macedonians gave according to what little they had, first to the Lord, then according to the will of the Lord (2 Corinthians 8:1-5).

Pray about this please.

Thank you for walking with Seedtime and Harvest!

Behind the scenes: Frantz calls regularly to report on progress. And since much of life in Haiti is manual, Frantz did a little multi-tasking by using our call time to wait in line for drinking water. 35 people were ahead of him. No, this is not abnormal. Frantz has no other option for drinking water but to wait in line with his empty 5 gallon bottle. Welcome to Haiti. Be grateful for the small things.

CAN'T BLAME THE GOOD NEWS...

2 Corinthians 6:3a

We put no obstacle in anyone's way

2 Corinthians 6:12

You are not restricted by us, but you are restricted in your own affections.

We like to blame others for holding us back. Apostle Paul said our own desires hold us back. We love our sin a bit too much.

It's true for me. Bet it's true for you.

Let's humbly walk together in truth and recognize the grace we are offered in Jesus.
